Sensi Signoria Lilac Grey

Sensi Signoria Port Gold

SENSI SIGNORIA

Sensi Signoria is a “colourful luxury experience” that, just like Renaissance art, cleverly combines a selection of polychromatic marbles, but in a completely new and contemporary way. The colour contrasts and the stylish matches are defined by a sophisticated colour palette as well as neat, geometric decorative patterns.

MOSAICS

Standing the test of time, mosaics have been used for centuries as a decorative art form and to this day their gorgeous and intricate designs are so versatile and can compliment any style and taste.

HELPFUL TIPS

When choosing a mosaic feature it is important to consider the colour tones and what would best compliment your scheme. Contrasting your feature mosaic to your existing tiling is an effective method of highlighting your decorative area and ensuring it catches the eye.

Some designers take the subtle approach of blending or perfectly matching their mosaic tiles to their existing tiling. This achieves an enhanced detail that breaks up the room but doesn't introduce additional colours and instead creates a streamline, sophisticated simplicity.

Bathrooms and kitchens are perfect examples of common locations for mosaic tiles to be installed but not limited to. So, take the opportunity to venture outside of the norm and explore the endless options of decorating any space of the home to add a dash of colour, texture, personality and flare. Decorating with mosaics is very simple and can be cost effective way to embellish areas of the home and create a high-end look that could be easily overlooked when building or renovating.

Stonehaven Dreamy White 600x600

STONEHAVEN

Be it industrial, minimalistic or natural interior styling, this versatile stone look makes a good fit for all occasions.

The Stonehaven series comes in a crystal matt finish which is an extra application in comparison to the normal matt finish for an aesthetic purpose. It has the shimmering effect to make it look like real stone. The Crystal Matt finish provides an anti-slip function making an ideal tile to use in any space.
